

PRAISE REPORT

GROUP OF YWAM STUDENTS GIVING ME THEIR EMAIL ADDRESSES TO GET NOTES

“I have just begun my life with Jesus.”

What a week in Brazil with the Lord! The gospel was preached and taught, numerous testimonies of new birth, many grateful for hearing the gospel and being touched deeply. I believe the ripple effect of this week will extend to many other lives as these young people and adults take the messages they

heard back to where they live: Angola, Bolivia, Argentina, Paraguay, Sao Paulo, and many cities in Brazil. Last night at the Easter Service at Monte Hebron, four ladies began their life with Jesus. One was over 80 years old. The others were in their early 20's. A young man from Angola told me he was excited to

hear these things for the first time in his life. He is anxious to take them to his country, which has been destroyed by civil war and hatred. There were numerous invitations to return, so perhaps God will allow us to sow in this field again. Thank you for praying for us! Let's continue to pray for fruit.
