BUMBLEBEE CAMPGROUND IN
NORTHERN IDAHO

Lakeside Community Church Men's Retreat

Wow! What a weekend! God met with us as we gathered under rain clouds and canopies. I was amazed at the grace of God toward us under less than desirable communication conditions. Even with the competition of the sound of rain falling on the canopies and the chill, the Holy Spirit anointed His word

to the hearts of the men of Lakeside Community Church.

The sharing time on Saturday night lasted for over an hour as men spoke of conviction of selfishness, unbelief, and idolatry. You would have been so encouraged as they spoke of how God

had been preparing their hearts to hear the truth for weeks and months. A number of men told me the weekend was the most life-changing experience they've had with the gospel.

Thank you for serving with me in prayer! To God be the glory.
