

WILL YOU PRAY?

Marriage for God's Glory

I invite you to join me in prayer this weekend for a Marriage for God's Glory conference hosted by Kishwaukee Bible Church which will be held in Rockford, IL. I'll speak on Friday evening, three times on Saturday, and then during the Sunday worship service.

As you know, Christ-glorifying marriage is under tremendous attack. This weekend, we can go on the attack against the powers of darkness and the spirit of the

world. Please join me in praying for the 60-70 couples who will attend. I also need God's power

as I speak and a spirit of love and humility as I teach His Word. This will be my last speaking engagement before the new

year. Thank you for being a part of the Elijah Ministries' Prayer Team this past year. I hope you have been encouraged as you have prayed and that your love relationship with our Lord Jesus has grown.

We have much to give thanks for as we enter into a special week of thanksgiving. God has touched thousands of lives through our ministry together in prayer and teaching. It is an honor to labor with you!

Let's Pray

Our Father in heaven, we join our hearts in prayer through the glorious and powerful work of Jesus on our behalf and on behalf of those attending the marriage conference this weekend. Father, we desire with you that these marriages bring you glory. Open their eyes to see how the gospel may be lived out in their relationship with their spouses. Fill them with your love as they grasp the wonder of your love for them in Christ. Holy Spirit, convict of sin and do a deep work of repentance in those who have damaged their marriages because of selfishness and idolatry. Heal marriages, melt hard hearts, may forgiveness flow, and implant a vision in their hearts for a marriage that glorifies you. Thank you, Father, for hearing us when we pray. You have been so faithful to hear us and work through us this year, and we ask again that your kingdom would be advanced and your will be done this weekend at the marriage conference. Fill Norm with your Spirit and empower the gospel as it is proclaimed and explained. Amen.
