

Glorious Grace Lyrics

It's Time to Stand Up

It's time to stand up and praise the Lord. It's time to sing out His praise
Awake my soul and lift up your voice; Sing praise to the Lord of all
Praise to the Lord of glory. Praise to the Lord of all
Praise to the Lord of glory. Sing praise to the Lord of all

Filled With the Hope of Glory

Filled with the hope of glory, filled with his righteousness
Filled with the joy of the Spirit, flowing from His life within

That's what the Gospel promises to those who believe
To those who are known in Christ, salvation will receive
So think again about your life and what will be your end
If you're sick of sin and desire the lord, then He's at work within...to

Fill you with the hope of glory, fill you with His righteousness
Fill you with the joy of the Spirit, flowing from His life within
Flowing from His life, flowing from His life within

We Are Sons and Daughters of the Most High God

We are sons (daughters) of the Most High God, hallelujah, we are blessed
Dressed in the glory of Jesus Christ, hallelujah, we are blessed
Praise His name all heaven and earth; we praise God for our new birth
Hearts of faith His Word creates, hallelujah, hallelu

Honor the Spirit

Honor the Spirit, bow before the throne
Obey His gentle promptings, glorify God
Honor the Spirit, bow before the throne
Obey His gentle promptings, glorify God

Holy Spirit, gift from above, fall fresh upon us, glorify God
Holy Spirit, gift from above, fall fresh upon us, glorify God

Instruments of Blessing

Poor in Spirit let me be; break the pride within
Make my heart, Lord, pure and clean; fit for holy use

Let me see the stain of sin and mourn my fallen state
Then comfort me, Lord, with Thy grace, forgiveness full and free

Meek and humble let me be, yielded, Lord, to Thee
Rights released, Lord, to Your care; that You can love through me

Make me an instrument of blessing, Lord, filled with holy breath
Sounding forth the power of God, the revelation of Your love

Two Souls Become One

Sailing through life, two souls trusting God
Their hearts filled with faith, empowered by grace
Eyes fixed on Jesus, who's setting their course
At peace with God's timing, content with His face

The Captain has chosen these two shall be one
So His Spirit blows gently, they come to the Son
In Him they find hidden the delight of their souls
And He leads them together His love to bestow

Chorus:
And they sing Jesus, we love You
Our hearts join as one in the love you've begun
Jesus, we love You, glorify Your name

Friendship developed and grew day by day
Their fellowship sweetened in His Word and they prayed
That Jesus would be the Lord of their days
And His will be revealed as they commit to His ways

So the Lord turned their hearts and they longed to be one
They sensed the Lord's pleasure as they shared of their lives
And the time for their union grows wondrously near
In sweet harmony they sing loud and clear

Rejoicing in His Love

Through the years a young girl prays for her husband to be
She prays that God will reveal Himself and set his spirit free
To love, believe, and walk with God; His Spirit to obey
She asks that Truth will be his guide and keep him for her someday

Chorus:
Now she's rejoicing in His love as it flows from God above
The one for whom she's prayed and dreamed is here for her to love
She knows now who God's given to her that she might understand
The love of Christ for His own bride, she's rejoicing in God's plan

At the same time a young man asks that God will give to him a wife
A woman pure, who loves the Lord, a friendship made for life

He hopes that she will love God's Word and often that she'll pray
For Jesus Christ to be her life and then turn her heart his way

Now he's rejoicing in His love as it flows from God above
The one for whom he's prayed and dreamed is here for him to love
He knows now who God's given to him that he might understand
The love of Christ for His own bride, he's rejoicing in God's plan

Today they come to unite their hearts as one in Jesus' name
They'll give their hearts, their lives, their love; a ring to seal the same
What once was two shall become one that the world might see again
A testimony of the love of Christ between a woman and a man

Now they're rejoicing in His love as it flows from God above
The one for whom they've prayed and dreamed is here for them to love
They know now who God's given to them that they might understand
The love of Christ for His own bride, they're rejoicing in God's plan

Leading Your Son to Jesus

My son, I know you long to be a godly man someday
Many questions and fears will face you on the way
What makes a man? Will I succeed? What's my identity?
Give me your heart, my son, I'll lead. My heart is turned to be...

Chorus:

A father who will come to you, I'll show you what to do
My heart is turned toward you my son, I'll lead and guide you through
Come out, my son, from this dark world—perfecting holiness
When I call to you, give me your heart. I'll lead you to Jesus

Come to me, my beloved son, well-pleased I am with you
Wait for my word, I will provide and give you glory too
I'll be your source of joy and strength, my power is yours—you'll see
When feeling weak and tempted, cry out for me to be...

A time will come when you are weak, sin's power you can't conceal
And God will teach your heart to fear, His presence you will feel
When that occurs, God's voice you'll hear, you'll never be the same
Repent, confess, and go to Him, rely on Jesus' name

He'll be a Father Who will come to you, He'll show you what to do
His heart is turned toward you, my son, He'll lead and guide you through
Come out, my son, from this dark world—perfecting holiness
When the Father calls a new heart He'll make, He'll fill you with Jesus

Fearfully and Wonderfully Made

Behold, O Lord, You've known me well—by grace I have believed
You knit me in my mother's womb—a miracle conceived
Encircled in your glorious love, You laid your hand on me
A love too high, too wonderful for my heart to see

Where can I go that you're not there? From You I cannot flee
Your eyes watch o'er all I do, Your love lays hold of me
You give to me an inner peace, I know it's from above
How precious are Your thoughts to me, O glorious God of love

Chorus:

Fearfully and wonderfully formed just as I am
I give my thanks to Thee, O Lord, I am Your little lamb
Before my face had seen the sun Thou didst ordain my days
Made in Your simplicity—a soul to give You praise

Search, O God, and know my heart—try and test my mind
A hurtful way, an anxious thought, see what you can find
I trust in You to make it right for You created me
Please lead me in a trusting way for all eternity

Delighting in the Lord

I worship you, O Father, God, You're worthy of my praise
For You have known and loved me in Your Son always
You put on Him all my sin; Your holy wrath subdued
Then gave to me Your Spirit that I might pursue...

Chorus:

Delighting in Your love, rejoicing in Your grace
Enjoying you above all else, My God, to see Your face
I long to be transformed by You, Your promise I believe
Until that day I'm Yours to use, here, Lord, this gift receive

I worship You, Lord Jesus Christ, You're worthy of my praise
You sacrificed Your life for me, my soul from death to raise
Alive in You, how can it be such grace and love are free
And You forever pray that I might daily be...

Holy Spirit, O Guide to truth, I'm grateful to receive
Your presence in my heart is giv'n—God's Word I can believe
You fill my soul, God's love outpoured, God's peace and glory giv'n
So God, I have a holy pledge: I'll be with you in heav'n

My Heart Belongs to You, Lord

To delight in you, Lord, that's what I want to do
To reserve my highest praise, just for you
So cause the things of this world to fade and pass away
Fill my heart with love for you each and everyday

Chorus:

My heart belongs to you, Lord, you satisfy my soul
Delighting in your will for me, fills and makes me whole

Feasting in your presence, in your holiness
Your glory all-consuming I now confess. You are the Lord of all the Earth
All things are in your care. I humbly walk before You, you're everywhere

I Acknowledge Your Presence

I Acknowledge Your presence in this place, I stand before You by grace
On Jesus Christ, You put my sin, then called my name to enter in

Chorus:

And I worship You, I worship You; Glory to the Lamb, I worship You
I worship You, I worship You; Glory to the Lamb, I enter in

My heart rejoices in Your love, to think my spirit sits above
In Christ who's seated on the throne; for all my sins His blood atoned

I lift up holy hands to You; I lift my voice in praises to
Jesus, the Christ, the Holy One; here is my life, Thy will be done

I Quiet My Soul

I quiet my soul and draw near, grace beckons me come without fear
His righteousness covers me, my sinfulness humbles me
Your love Lord Jesus is all I need

Chorus:

Father, open my eyes to see, Jesus living His life in me
Spirit set me apart to be, a vessel of His grace and glory

I quiet my soul and draw near, grace beckons me come and I hear
He's known me forever, no sin can sever, Your love Lord Jesus is all I need

I quiet my soul and draw near, grace beckons me come, I am here
I worship You Father, You're worthy Lord Jesus
Holy Spirit of God I yield to You

You Are Worthy of Our Worship

You are worthy of our worship, You are sovereign Lord and King
And we bow humbly, in Your presence, to give You glory
You are awesome, God Almighty, Creator of all things
And our hearts are fixed upon You to give You glory

Chorus:

Glory, glory, glory, worthy, worthy, worthy, are you Lord

You are worthy of our worship, for You've loved us perfectly
You've removed our sins far from us and made us holy
So together now we praise You as the Lord our righteousness
And we stand in grace before You to give You glory

Glorious Grace

Here is my thanks through Jesus Christ, thank You for life so full and free
A heart filled with faith, Your work I see; shows Your righteousness for me
Known before time, when I was blind; placed in the circle of Your love
Drawn when astray, I'd gone my own way, then You revealed Yourself to me

Chorus:

Glorious grace, glorious grace, fills my heart with peace
Glorious grace, glorious grace, fills my heart with joy, with joy, with joy

You opened my eyes to see my sin, You broke the heart of pride within
Glorious grace through Jesus Christ, cleanses my heart with saving faith
